AFRL/SB	Link	Federal Agency	The mission of the Air Force Research Laboratory's Small Business Office (AFRL/SB) is to increase the use of small businesses as a valued source of skills for innovative, cost-effective, customer-focused solutions to warfighter requirements and Air Force missions, both now and in the future. AFRL/SB encompasses the Air Force Small Business Innovation Research/Small Business Technology Transfer (SBIR/STTR) Program, the AFRL Small Business Programs and the Air Force Technology Transfer Program (T2). The integration of these programs ensures the seamless development of innovative solutions by small businesses, help small businesses find AFRL opportunities, provide guidance and support both to AFRL acquisition teams and small businesses, and assist in the transfer or transition of the technology to the warfighter or the commercial market. AFRL is very small-business friendly, spending approximately \$1 billion per year with small businesses. Most of the awards are made through Broad Area Announcements (BAAs) with full and open competition, but the organization also exercises small business set-aside contracts and uses the small business aspects of central contracting sourcing tools, such as OASIS or NetCents II. Ohio Hi-Point Career Center	Link	Federal Center	<p>The Ohio Hi-Point Career Center is a career–technical school that provides career–technical training to high school students and adults in west-central Ohio. The high school services students from Bellefontaine High School, Benjamin Logan High School, Indian Lake High School, Waynesfield-Goshen High School, Upper Scioto Valley High School, Riverside High School, Mechanicsburg High School, Triad High School, Kenton High School, Ridgemont High School, Urbana High School, Marysville High School, West Liberty-Salem High School, and Graham High School.</p> <p>The two-year career-technical high school serves 11th and 12th grade students from 14 partner school districts. Thirteen career training programs are offered to provide technical training in the areas of: Agriculture and Animal Services, Business, Transportation, Engineering and Manufacturing, Health Sciences, Human and Public Services, Arts and Communications, and College Tech Prep. High school students can also opt to remain within their communities and specialize in one of OHP's 52 Satellite Programs. Programs are available in all five counties OHP services, including Auglaize, Union, Champaign, Hardin, and Logan. Programs exist in Teaching Professions, Construction Trades, Health Technologies, Supply Chain Management, Aviation, and Business and Agriculture. The School of Adult and Continuing Education services adults looking for a new career or the opportunity to refresh or renew their skills. Programs exist in Health Occupations, Business and Industry, HVAC, nursing and more. The school also offers Adult Basic Literacy Education and GED Training and testing. Students in both high school and adult programs have opportunities to earn college credits. High school programs feature distinct pathways to earn college credits while in a program at OHP. There is a 92.1% Post-Program Placement rating (post-program placement measured the proportion of students who are employed, in an apprenticeship, join the military, or are enrolled in postsecondary education or advanced training in the six months after leaving school) and 99.3% graduation rate of students graduated within four years.</p>
